Dear Mr Richmond,

Marionville Park 1-way TRO /09/59

We object to this proposal on the grounds that a cycle contraflow is not included. Marionville Park is part of a longer-distance quiet-road route from Portobello to the city, via Fishwives Causeway, Restalrig Ave, Marionville Ave, M'ville Park, M'ville Road.

Without a contraflow or similar provision for cyclists, the latter would have to go via the roundabout at the junction of M'ville Rd with M'ville Ave, potentially more dangerous than the two right turns into and out of M'ville Park.

We hope you can make some provision for cyclists on this route, so that we could withdraw our objection.

Yours sincerely,
Peter Hawkins
CTC Right-to-Ride Lothians
