That's **3 overnights, 3 breakfasts, 3 evening meals and 4 days of cycling.**

Arrive before 11am on Friday and you'll have time to go cycling, otherwise ensure you arrive before 6.30pm in time for the meal serving.

Departures before 5pm Monday, after the 4th day of cycling.

The fee covers accommodation for three nights at Longridge Towers School and includes bed, breakfasts and evening meals. The food is top quality and portions generous.

The school and participants are not responsible for organising rides or activities off site of the school premises. Despite there being no formal ride leaders or route organisers the surrounding area is ideal for cycling and with so many enthusiasts staying at the school there will be plenty of opportunities to go out cycling together each day.

If you are based some distance, consider extending your stay in the area by booking elsewhere to make travel worthwhile, or as like last year you can stay extra nights at Longridge, **self catering** for £20 per person per night. You can use the common room kitchen to make breakfast, drinks, meals.

Campervan or Caravan or Tent £10 per person per night.

Best to contact Jason direct to discuss which of the 2 nights (Wednesday 4th & Thursday 5th) you'd like to stay extra.
